CONFIDENTIAL

GERMAN DELEGATION

COCOM DOCUMENT 3520

Paris, 13th Mai, 1959

COORDINATING COMMITTEE

MEMORANDUM BY THE GERMAN DELEGATION

ON THE EXPORT OF TANTAL-ELECTROLYT-WENDEL
CAPACITORS TO HUNGARY

The German Authorities have received an application to
licence the export to Hungary of

17 000 Tantal - electrolytic-capacitors,
type Wendel,
covered by item 1562,
valued at \$10.133.-

These capacitors will be used in hearing aids. The Wendel-
type of capacitors has characteristics which make it, in the
considered opinion of German exports, unsuitable for military
and strategic purposes. Nevertheless, this type - besides
other civilian types - is caught by the present definition
of item 1562.

The German Delegation, therefore, submit the above case
under the "Accident of Definition" - procedure, Cocom Doc.
1473 Annex C, while proposing in Cocom Document 3415.62/1 a
redefinition of Item 1562 to which the attention of the Com-
mittee is hereby drawn.

In view of the foregoing, the German Delegation would
appreciate if an early date for comments on the above case
could be fixed.
